

**JARMAN HOMES, INC. of Raleigh, NC
Awarded Best Of Houzz 2019**

***Over 40 Million Monthly Unique Users Nominated Best Home Building,
Remodeling and Design Professionals in North America and Around the World***

January 23, 2019 – Jarman Homes, Inc. of Raleigh, NC has won their fourth “Best Of Houzz” Award. Houzz is one of the leading platforms for home remodeling and design. Jarman Homes is a husband and wife team that combine their talents focusing on design and function in their custom homes for 19 years.

The Best Of Houzz badge is awarded annually, in three categories: Design, Customer Service and Photography. Design awards honor professionals whose work was the most popular among the Houzz community. Customer Service honors are based on several factors, including a pro's overall rating on Houzz and client reviews submitted in 2018. Architecture and interior design photographers whose images were most popular are recognized with the Photography award.

A “Best Of Houzz 2019” badge will appear on winners’ profiles as a sign of their commitment to excellence. These badges help homeowners identify popular and top-rated home professionals in every metro area on Houzz.

“We are proud to be awarded our fourth Houzz Award since 2015. We are humbled to be recognized by Houzz for our Design and Service achievements” says Joy Jarman co-owner of Jarman Homes. “Neil and I wear many hats being a small custom builder, but it feels good to have others recognize our focus on hard work, attention to details, and building relationships that has helped keep us strong for almost 20 years now.”

"Best of Houzz is a true badge of honor as it is awarded by our community of homeowners, those who are hiring design, remodeling and other home improvement professionals for their projects," said Liza Hausman, vice president of Industry Marketing for Houzz. "We are excited to celebrate the 2019 winners chosen by our community as their favorites for home design and customer experience, and to highlight those winners on the Houzz website and app."
